Occupational Training Institute (OTI) is pleased to announce the opening of their new 'Behaviour Based Safety (BBS) Unit' based in the heart of Liwa Plastics Industrial Complex Project in Sohar, Oman. It is a joint venture between Chicago Bridge & Iron Company (CB&I) and China Technical Consultants Inc. (CTCI) Corporation. The unit was inaugurated by Mr Wim Project Director of CB&I.

Operations Manager Mr Andy Reid said, "Behaviour Based Safety (BBS) is an approach that we believe can be applied successfully; it is gaining more interest across industry sectors globally and has the great advantage of needing the involvement of the individual employee, in addition of course, to employer commitment which has been very clearly demonstrated by Douglas OHI (DOHI), CB&I and CTCI Leadership teams".

General Manager, Steven Hickey, took the opportunity to thank all who had been of assistance, provided insights and shared their considerable expertise to help in the development of the BSS unit and program.
